

Category	Feature	Description
<b>Support &amp; Infrastructure</b>		
	<b>Always on and accessible</b>	Cloud-based software, always on and accessible from anywhere
	<b>Online knowledge base</b>	Comprehensive online Knowledge Base available with one click
	<b>Expert support 24/7</b>	Product support experts available 24/7
	<b>Database redundancy</b>	Multiple database copies automatically synchronized in multiple locations
	<b>Worst case restore period</b>	Defined recovery period in the event of total data loss
	<b>Database sharding</b>	Database divided into multiple shards for performance and fast recovery
	<b>Auto server scalability</b>	Application servers start/stop automatically based on dynamic load
	<b>External monitoring</b>	External consulting services monitoring database and application servers
	<b>Transparent pricing</b>	Subscription-based with transparent pricing
	<b>Data encryption</b>	Data fully encrypted at rest and in flight
	<b>GDPR &amp; PCI Level 1</b>	GDPR compliant and PCI Level 1 certified
	<b>Data ownership</b>	Customer owns the data
	<b>Web Application Firewall</b>	Multi-layer WAF (AWS WAF + Cloudflare) protecting against OWASP top-10 threats
	<b>Vulnerability management</b>	Quarterly ASV scans, annual third-party penetration testing, automated dependency scanning
	<b>Multi-factor Authentication</b>	MFA will be available soon
<b>Events</b>		
	<b>Quick setup</b>	Create simple single-round games in minutes
	<b>Full setup</b>	Complex single and multi-round events with divisions, flights, tournament formats
	<b>Organize by season/category</b>	Assign each event to a season and category
	<b>Clone events</b>	Clone past events to quickly set up new events
	<b>Non-Golf Events</b>	Support for registration and participant management for meetings, seminars, or any other type of gathering
	<b>Drive, Chip &amp; Putt</b>	Full support for scoring DCP events
<b>Players &amp; Rosters</b>		
	<b>Master roster</b>	Capture and manage full list of members or golfers
	<b>Import from Handicap Provider</b>	Automatically pull handicap provider roster into master roster
	<b>Import from spreadsheet</b>	Import players from a spreadsheet
	<b>Sync with club system</b>	Automatically synchronize master roster from club system
	<b>Export to spreadsheet</b>	Export master roster to a spreadsheet
<b>Player Profile</b>		
	<b>Handicap ID number</b>	Capture GHIN or other handicap identification number
	<b>Photo</b>	Capture player photo and show on leaderboards
	<b>Unlimited custom fields</b>	Create your own profile fields to store full player information
	<b>Player default tees</b>	Assign default tee for each course for each gender or specific players

Category	Feature	Description
	<b>Secure email/password login</b>	Players can login to the event website to see full event or league information
	<b>Leaderboard Profile Display</b>	Select Player information can be displayed on tournament leaderboards
<b>Event Roster</b>		
	<b>Import from master roster</b>	Pull players from the master roster
	<b>Import from spreadsheet</b>	Import players from spreadsheet (great for outings)
	<b>Import from GHIN</b>	Pull in players from GHIN (great for guests)
	<b>Update handicap indexes</b>	Automatically update indexes from GHIN and other systems
	<b>Advanced handicap indexes</b>	Low HI, Low HI over period, average of current H.I. with Low H.I. variants
	<b>Player activity log</b>	Detailed searchable log of every add/update/delete
	<b>Handicap index mgmt log</b>	Detailed searchable log of every handicap index update
	<b>Calendar log</b>	Detailed log of adding, deleting, or editing Rounds
<b>Courses &amp; Tees</b>		
	<b>Hole information</b>	Capture yardage, par, and handicap for each hole
	<b>Slope and rating</b>	Capture slope and rating for 18 holes and each side
	<b>Hole labels</b>	Custom labels for each hole (great for 27-hole facilities)
	<b>Green depth</b>	Enter depth of each green for hole location sheets
	<b>Pace of play</b>	Set pace for each hole for expected pace on scorecards. Each Tee can have its own Pace of Play defined
	<b>Shotgun priority</b>	Order for doubling up holes in shotgun starts
	<b>Tee time interval</b>	Default interval for automatic tee time pairings
	<b>CRD Integration</b>	Retrieve course data from USGA, Golf Canada and WHS CRDs and post scores for PCC calculation
	<b>Custom Tee Coloring</b>	One color or combination of two colors can be defined for any tee
	<b>Course Rotations/Cross Nines</b>	Scoring and handicapping across continuous 9 holes
<b>Divisions, Flights &amp; Teams</b>		
	<b>Divisions</b>	Organize players/teams into divisions and track results
	<b>Flights</b>	Organize by flight within each division
	<b>Teams by Pairing</b>	Automatically create teams by Pair (AB/CD), Foursomes, etc.
	<b>Custom teams</b>	Ryder cups, teams of any size, virtual teams
	<b>Autofill Div / Flights / Teams</b>	Autofill based on handicap index, course handicap, custom seeding, customer fields. Divisions can be created based on one or more of these criteria
	<b>Event and Round level</b>	Each round can have unique Divisions, Flights and/or Teams
	<b>Automatic Creation of teams</b>	Team based registration will automatically create teams when registration closes
	<b>Default Tees for Divisions or Flights</b>	Define which tees each Division or Flight will use and quickly assign all in the pairings
<b>Pairing Management</b>		

Category	Feature	Description
	<b>Pairing size</b>	Up to sixsomes
	<b>Automated pairings</b>	Random, AB, ABCD, Team, Total Index, Entry number, Custom Field, copied from another round, or based on tournament results
	<b>Multi-Round Pairings</b>	Create the same pairings for all rounds
	<b>Wave Pairings</b>	Championship style, multi-round pairings
	<b>Player tee time selection</b>	Allow player to select their own tee time
	<b>Keep together</b>	Specify which players should be kept together
	<b>Spread apart</b>	Specify which players should be kept apart
	<b>Optimized pairings</b>	Minimize repeats; ensure everyone plays with everyone else
	<b>Players times together</b>	Automatic tracking of how many times players played together
	<b>Tee times</b>	Auto-create tee times based on starting time and interval
	<b>Shotgun</b>	Auto-assign shotgun starting holes based on priority; one-click reverse shotgun setup
	<b>Assign course and tee</b>	Assign based on gender, flight, index, or other info
	<b>Swap players / pairs / pairings</b>	Easily swap players, pairs, or pairing groups
	<b>Blinds</b>	Add a blind when teams are short a player
	<b>Blind Teams</b>	Create blind teams with members in different pairing groups
	<b>Substitutes</b>	Easily replace a player for last-minute changes
	<b>Player information</b>	Ability to display player information on the pairings
<b>Competitions &amp; Scoring</b>		
	<b>Multiple competitions/event</b>	Unlimited independent competitions per event
	<b>Competitions across rounds</b>	Aggregate competitions across multiple rounds
	<b>Score posting to GHIN</b>	Post all or selected scores to GHIN with hole-by-hole scoring
	<b>Scoring formats</b>	Stroke play, match play, Stableford, Quota, Skins, Birdies, Ringers / Eclectics
	<b>Individual competitions</b>	Player vs player, foursome, field, or flight
	<b>Team competitions</b>	Pair vs pair/field/flight, foursome vs field/flight
	<b>Teams within teams</b>	12-person team of six 2-person teams playing best ball or alt shot
	<b>6/6/6, 9/9, 3/3/3 events</b>	Different formats with different handicapping within a round
	<b>Scramble &amp; 2x2 Scramble</b>	Various scramble formats with controlled ABCD handicapping
	<b>Stableford &amp; Quota</b>	Support for Stableford and Quota formats
	<b>Wheels</b>	Each player vs each player in each group
	<b>Balls</b>	Own ball, best ball, both balls, average, 6/6/6, alt shot, scramble
	<b>Advanced Balls</b>	Custom scoring rules by hole, player, index or score
	<b>Holes</b>	18, 36, 54 holes, front nine, back nine, Nassau
	<b>Brackets</b>	Brackets of any size and season bracket formats

Category	Feature	Description
	<b>Stroke to bracket</b>	Stroke play rounds with auto qualifying/seeding into bracket
	<b>Ringerboards / Eclectics</b>	Best score on each hole across multiple rounds
	<b>Round Robin</b>	Automatic creation of flights/matches with points standings
	<b>Aggregate skins</b>	Skins over player's front 9 and back 9 for 18-hole equivalent
	<b>Ryder Cup</b>	Multiple competitions across rounds with team points
	<b>High School / College Golf</b>	Team tournament format taking best x scores, gross and/or net
	<b>Multi-round, diff formats</b>	18 holes best ball, 18 alt-shot, 18 both balls with handicap to tenths, Consolidated leaderboards by aggregating compatible tournaments
	<b>User-scored tournaments</b>	Tournament leaderboards for Closest to the Pin, Longest Drive, etc
	<b>Interclub / Cup / Team Matches</b>	Manage team cup matches where teams created from different clubs compete against each other in round-robin matches or bracket tournaments
<b>Handicapping</b>		
	<b>Handicap indexes</b>	Automatically updated from Handicap Provider or manually defined
	<b>User defined Playing Handicap</b>	Ability to manually override Playing Handicap calculation
	<b>Decimal playing handicaps</b>	Allow Playing Handicaps to tenths or hundredths to minimize ties
	<b>Maximum handicaps</b>	Set a cap on Playing Handicap or Handicap Indexes
	<b>Limit partner difference</b>	Limit difference in partner handicaps to defined maximum or percentage reduction
	<b>Limit team handicap</b>	Optionally limit total team handicap with reduction options
	<b>No strokes on par 3</b>	Disallow strokes on par 3 holes in skins tournaments
	<b>Players without index (Day handicapping)</b>	Support for Peoria, Callaway 15 or 16, and System 36 handicapping
	<b>Playing handicap</b>	Convert index to Playing Handicap based on multiple criteria
	<b>Team handicaps</b>	Calculate combined handicap for each team
	<b>Playing from tees with different pars</b>	Auto-adjust playing handicap based on tees played if par is different
	<b>Handicap analysis</b>	Detailed explanation of Playing Handicap calculation
	<b>Handicap allocation</b>	Allocate shots to holes based on course/hole Stroke Index
	<b>Half strokes</b>	Option to reduce handicap allocation to half shot per hole
	<b>Subset of holes played</b>	Compute Playing Handicaps if tournament uses less than 9 or 18 holes
	<b>Match Play Half Shots</b>	Allocate half of 18 hole Playing handicap over 9 holes. Odd handicaps will get 1/2 shot per side
	<b>Automated Handicap Index updates</b>	Update Handicap Indexes at defined times
	<b>Automated Score Posting</b>	Automatically post scores to select Handicap Providers
<b>Scoring</b>		
	<b>Score entry</b>	Hole by hole, 18-hole totals, 9-hole totals, team hole by hole, hole by hole match results or total match result
	<b>Gross/net preview</b>	Preview results while entering scores
	<b>Random scores</b>	Auto-populate scores to test leaderboards

Category	Feature	Description
	<b>Tiebreakers</b>	USGA, lowest to highest handicap, last to first hole, tee times; single and multi-round options
	<b>Points and Purse</b>	Winner takes all, 1 to Nth place, Gross/Net bias (player or team only awarded best finish in Gross or Net); unique purse and points by Division or Flight
	<b>Adjustments</b>	Manual leaderboard position, purse and/or points adjustments with optional comments
	<b>Maximum scores</b>	Define maximum score per hole based on par or defined value
<b>Leaderboards</b>		
	<b>Consolidated leaderboard</b>	All competitions shown on a single leaderboard
	<b>Player information</b>	Show additional information under each player's name
	<b>Denote pros/amateurs</b>	Mark pros and amateurs on the leaderboard
	<b>Cut lines</b>	Low X, Low X plus ties, cut line forecasting during round
	<b>Leaderboard Sections</b>	Split leaderboard into sections by position
	<b>TV leaderboards</b>	Scrolling leaderboard with photos and sponsor content on TV
	<b>TV Shows</b>	Customized display of leaderboards, photos, text and videos with split screen capability
	<b>Leaderboard Snapshots</b>	Save status after each round; view round-by-round history
	<b>Advanced TV Leaderboards</b>	Custom TV shows with different leaderboards on different monitors
	<b>Season Points (Player of the Year, Order of Merit, etc)</b>	Aggregate points for players across multiple events and tournaments
	<b>Season Money List</b>	Aggregate purse for players across multiple events and tournaments
	<b>Colors on leaderboard</b>	Define score colors to denote under par, even par or over par total scores
	<b>Ryder / Solheim Cup Style leadeboard</b>	2 or 3 team point summary with optional team and event logos and message
	<b>Country or State flags</b>	Option to display flags next to player's name
	<b>Team Logos</b>	Option to display team logos on leaderboards
<b>Stats</b>		
	<b>Course stats</b>	Scoring averages by course, round, and hole
	<b>Player stats</b>	Player performance across one or more rounds
	<b>Season long competitions</b>	Auto track season points, ringers / eclectic, birdies
	<b>Parimutuels</b>	Enter bets, auto-calculate odds and results/payouts
	<b>Stroke Index Analysis</b>	Generate score averages by tee and handicap groups
<b>Scorecards</b>		
	<b>Scorecard library</b>	System templates and ability to create your own
	<b>18 and 9-hole scorecards</b>	18-hole, 9-hole, and custom course scorecards
	<b>Two per page</b>	Option to fit two scorecards per page
	<b>Players per scorecard</b>	Individual, pairs, foursomes
	<b>Configurable headers</b>	Event name, tee time, starting hole, player name, course name

Category	Feature	Description
	<b>Handicap allocation</b>	Holes dotted automatically based on course/hole handicaps
	<b>Highlight starting hole</b>	Auto-highlight starting hole for shotgun starts
	<b>Multiple tees per card</b>	Show all tees being played within a pairing group
	<b>Additional lines</b>	Lines for team score, comments, etc.
	<b>Configurable notes</b>	Custom note on each scorecard
	<b>Signature lines</b>	Signature lines for competitor and marker
	<b>Custom fonts &amp; colors</b>	Full control of font, size, colors, backgrounds
	<b>Custom logos &amp; placement</b>	Add logos and control placement, size, and opacity
	<b>Scorecard covers</b>	Custom covers for two-sided scorecards
<b>Other Printed Materials</b>		
	<b>Scoreboards</b>	Large format scoreboards from template library
	<b>Cart signs</b>	Generate cart signs using templates or design your own
	<b>Tee sheets</b>	Print tee sheet with any information desired
	<b>Alpha lists</b>	Alphabetical player list with starting hole, tee, flight, etc.
	<b>Hole location sheet</b>	One-page summary of hole locations on each green
	<b>Proximity markers</b>	Markers for closest to hole, longest drive, etc.
	<b>Report composer</b>	Powerful report composer for fully customized reports
	<b>Report library</b>	System library plus your own organized library
	<b>User community reports</b>	Search library of reports from the Golf Genius community
	<b>Spreadsheet exports</b>	Custom spreadsheet exports for rosters, leaderboards, etc.
	<b>Rich data field options</b>	Data fields from across the system for custom formatting
<b>League Management</b>		
	<b>League website</b>	Dedicated website for each league
	<b>Email promotion</b>	Email blasts for league and round signups
	<b>League/round rosters</b>	Solicit player plans via email or league website
	<b>League Manager</b>	Appoint players with management capability for a league
	<b>Online registration</b>	Register via email or website with guest option
	<b>Optimized pairings</b>	Automated pairings for minimum repeats by division/flight
	<b>Play when you can</b>	No tee sheet - play in a defined period and turn in scorecards
	<b>Substitutes and guests</b>	Easily manage subs and guests round to round
	<b>League formats</b>	Ringerboards, round robin team match play, etc.
	<b>Event or League Point Standings</b>	Auto roll up daily points to season points on league website
	<b>Team Draft</b>	Allow team captains to choose the members of their team
<b>Event Websites</b>		

Category	Feature	Description
	<b>Customizable branding</b>	Custom logos, colors, banners, and backgrounds
	<b>Sponsor content</b>	Showcase sponsor content (unlimited storage of logos, banners and background images)
	<b>Tee Sheet</b>	Present tee sheet by time, group, or name
	<b>Leaderboard</b>	Display results across all competitions
	<b>Photos</b>	Upload photos to create a digital picture book
	<b>Unlimited pages</b>	Create new pages using template library
	<b>Stand alone website</b>	create website not related to an event or league
	<b>Language Translation</b>	Display text in one of 9 different languages
<b>Mobile App &amp; Live Scoring</b>		
	<b>Free download</b>	Free app for iPhone, iPad and Android
	<b>Live score entry</b>	Hole-by-hole score entry by group, hole, and player
	<b>Live leaderboard</b>	Live scoring updates across all competitions
	<b>Customizable branding</b>	Custom branding on mobile app
	<b>Sponsor content</b>	Sponsor content on mobile app
	<b>Access to event website</b>	Jump from mobile app to event website
	<b>Request Rules Official</b>	Player can trigger a text message to Rules Officials from the mobile app
	<b>Digital Scorecards</b>	Player / Marker type score entry on the mobile app
	<b>Player Tee Selection</b>	Allow players to choose what tee they will play on the mobile app
	<b>Pace of Play</b>	Passively track pace of play based on mobile score entry
<b>Scoring Stations</b>		
	<b>Tournament officials</b>	Enter scores as groups pass through scoring stations
	<b>Walking scorers</b>	Volunteer enters scores for an assigned group
	<b>Shot-by-shot data</b>	Volunteers capture shot by shot data
	<b>Pace of play tracking</b>	Track pace and alert on violations
<b>Online Registration</b>		
	<b>Custom entry form</b>	Create custom entry form for each event
	<b>Custom fields</b>	Create your own fields to capture any info
	<b>Optional/required fields</b>	Tag each field as optional or required
	<b>Flexible team registration</b>	1 member with 1-3 guests, 1-2 members, etc.
	<b>Player limit / waiting list</b>	Auto-form waiting list when limit reached
	<b>Promote from waiting list</b>	Promote manually or automatically
	<b>Select tee time at signup</b>	Players select tee time when signing up
	<b>Pending registration</b>	Treat registrations as pending until approved
	<b>Register by division</b>	Allow players to register by division

Category	Feature	Description
	<b>Schedule open/close</b>	Auto open and close registration by date/time
	<b>Invitation list</b>	Email invitations and limit registration to invitees
	<b>Registration packages</b>	Menu of packages and prices per event
	<b>Additional options</b>	Dinner tickets, apparel, and other add-ons
	<b>Donations at checkout</b>	Allow players to add a donation
	<b>Multi-Stage Events</b>	Manage Qualifiers that lead into Championships
	<b>Multi-Event Series</b>	Create multiple related events with Registration, Payment and Tournament templates
	<b>Lottery Registration</b>	Define parameters to look at past event participation to determine invitation priority
	<b>Eligibility Criteria</b>	Define what players are eligible to register for the event or for specific Divisions in the event
	<b>Staggered opening</b>	Open registration on different dates based on player eligibility
	<b>Invitation List</b>	Limit registration to a specific group of members
	<b>Quizzes</b>	Create and manage quizzes that can be completed by members
	<b>Membership Programs</b>	Allow players to register for programs that can be used for eligibility
<b>Payments</b>		
	<b>Credit card payments</b>	Secure payments via Stripe and AFS
	<b>Multiple Payment Gateways</b>	Connect multiple payment gateways to send payments to different bank accounts
	<b>Cancellations &amp; refunds</b>	Partial and full refunds back to card
	<b>Automated refund policies</b>	Automate refunds upon cancellation
	<b>Transaction history</b>	Searchable log of all payments and refunds
	<b>Split Payment</b>	Team registration with payment split among players
	<b>Donations</b>	Accept unique or during registration payments
	<b>Credit Balance</b>	Allow players to keep a "credit" of refunded payments to use for future registrations
<b>Communication</b>		
	<b>Email</b>	Custom emails for promotions, confirmations, and info sharing
	<b>Text Messaging</b>	Personalized info (tee times, weather delays) directly to players
	<b>Custom sponsor content</b>	Sponsor branding on app, TV, printed materials, website
	<b>Delivery tracking</b>	Email/text deliverability tracking and aggregate stats
	<b>Email Customization</b>	Customize outgoing email messages
	<b>Email &amp; Text Templates</b>	Save commonly used templates for re-use
	<b>Automated Emails &amp; Text Messages</b>	Schedule emails and/or text messages to alert players about event registration using a Marketing Campaign
	<b>Contact Lists</b>	Define contacts to send emails or text message that are not players or managers
	<b>Event and League Schedule</b>	Unlimited, customizable event and league schedules using our Directory feature
<b>Trip Management</b>		

Category	Feature	Description
	<b>Trip website</b>	Dedicated website with travel logistics, tee sheets, etc.
	<b>Optimized pairings</b>	Auto pairings to avoid repeats
	<b>Trip formats</b>	Ryder Cups, team best ball, Skins, Nassaus, and more
	<b>Live mobile scoring</b>	Enter scores and view live leaderboards
	<b>Digital memory book</b>	Upload photos from the course
	<b>Trip expense tracking</b>	Calculate 'who owes whom' report
<b>Integration</b>		
	<b>Roster synchronization</b>	Daily roster sync from member database
	<b>Club website</b>	Integrate event listings and online registration
	<b>Player Gifts with Golf Genius Golf Shop</b>	Allow players to order event gifts on a vendors web page
	<b>Club mobile app</b>	Integrate score entry and live leaderboards
	<b>Tee time systems</b>	Push signups between Golf Genius and tee sheet
	<b>HubSpot</b>	Export Event or League Rosters to HubSpot CRM
	<b>Players 1st</b>	Manage Surveys in players first for your event or league roster
	<b>Cart/GPS displays</b>	Integrate score entry and leaderboards with cart/GPS
	<b>Best Approach</b>	Export Round Robin schedule for Best Approach tournament booklets
<b>Event &amp; League Promotion</b>		
	<b>Event / League digital fliers</b>	Quickly create and publish event or league digital fliers with our Golf Hub feature
	<b>Publish to Club, regional or Golf Genius Global Hub</b>	Publish digital fliers to a Club specific hub, regional association hub, or the Golf Geniuns Global Hub

Notes
